
MAN: THE LAW OF GOD

1. All unfoldment is the work of an Unfolder, God. All growth reveals the effect of the activity of God. Therefore, direct expression of God in creation by means of divine activity is the law of growth and unfoldment. We, as individual expressions of this divine activity, are accountable for our actions as we grow and unfold in consciousness.
The law of growth and unfoldment is the law of Self-expression, or God acting and revealing Himself; God creating within and unto Himself.
We may often "miss the mark" as we feel our way while growing; even so, we always reap as we sow and thus we learn our lessons in life with law as our schoolmaster until our motives coincide with God's purpose of All Good.

Be not deceived; God is not mocked; for whatsoever a man soweth,
that shall he also reap. —Gal. 6:7

2. The blessings of God are forever available. We take hold of them in consciousness. We experience them to the degree that we realize our true identity with the Divine.
3. It will be necessary for us to see beyond any shadow of a doubt that God includes man, because there is only God. There is only one Life, only one Mind, only one Power, only one Substance. That "One" is God. Therefore, the life in Man is God; the Mind of Man is God; the Power of Man is God; the Substance of Man is God.
4. Suffering, sin and sickness are the outcome of believing that man has a life or mind or body apart from God.
5. Get this fully awake in your consciousness: there is no law acting upon you. There is no power acting upon you. You are the law unto your body, home and business.
6. Why is this so? Because Man exists as infinite individual consciousness, therefore embodying within himself perfect everything.
7. "You" embodies all good within consciousness. The power to meet every human need is within yourself. It is your very own consciousness.
8. You have the ability to realize that man is not a human being or a man with human problems. Rather you can rejoice in the knowledge that man is the manifestation of the Divine, and the Divine man has no quality underived from God. Man is strong, courageous and true, upright. The activity of God is perfect. Man, the activity of God, is "good and very good."
9. M. E. Cramer has stated in the original textbook, Divine Science and Healing:

Think of yourself as being eternal;
think of yourself as that which precedes doing;
think of yourself as that which is consciousness
and knows its powers of expression.

We, being the Law, are not under the law.

10. "Nothing belongs to the real Man but what God is."

Since GOOD is Omnipresence, there is no true
presence of evil.
Since GOOD is Omnipotence, there is no true
power of evil.
Since GOOD is Omniscience, there is no true
knowledge of evil.

There is no mind of error.
The only Mind is Truth.
There is no cause of evil.
The only Cause is Good.
(God and God expressed) is all there is.

I have no self apart from God.
Therefore I have no lower self.
I have no self in ignorance,
no self in flesh.
God is my substance, intelligence and life.

—Truth and Health, Fannie B. James

11. God is my father; I have no human heritage
of thinking or doing.
God is my environment; I know no other presence.
Love is my nature; I acknowledge no opposite.
In God I am complete.

—Short Lessons in Divine Science, Nona L. Brooks

12. I cannot worry in Mind, err in thought,
nor suffer in body;

For this Self that I have accepted as Truth
is God's mind, God's thought, and
God's body, forever and ever.

— F. B. James
